ITEM: Master Plan Project Budget Changes

RESPONSIBLE PARTY: Judy Newland, Chief Operating Officer
Dylan Crosby, Construction and Facility Manager

ACTION REQUESTED?
Action #1: Approval of total project cost of $3,807,241.00 for the 3rd Floor MOB Tenant Improvement
Action #2: Approval of total project cost of $7,776,505.00 for the 2nd Floor Cancer Center Tenant Improvement.

BACKGROUND:
Through competitive bidding the District has received pricing on both the Cancer Center 2nd Floor and 3rd Floor MOB Tenant Improvements. The total cost for both projects has exceeded the original estimates.

Purpose: The purpose of these projects are to expand medical office space to provide increased space for specialty services, increase access to care, and establish Rural Health Clinics. The total project cost numbers exceeded original budget estimates for the Cancer Center 2nd floor and MOB 3rd floor. There are two primary reasons for the increase, first is the increase in hard construction costs due to the market and second is the increase in our fixed, furniture and equipment costs. The cash flow is reduced in FY19 due to delay in start time of the projects and the impact of the cost change will move into FY20.

SUMMARY/OBJECTIVES:
Bidding process has completed and approval is needed for total project cost of the 3rd Floor MOB Tenant Improvements and Cancer Center 2nd Floor Tenant Improvements.

SUGGESTED DISCUSSION POINTS:
1. Increase in hard construction costs due to market
2. Increase in fixed, furniture and equipment costs
3. Cash flow is reduced in FY19 due to delay in start time
4. Cost increase will impact FY20 Capital Construction Budget

SUGGESTED MOTION/ALTERNATIVES:
Motion #1: Move to approve the 3rd Floor Medical Office Building Tenant Improvement project of a total project cost not to exceed $3,807,241.00.
Motion #2: Move to approve the 2nd Floor Cancer Center Tenant Improvement project of a total project cost not to exceed $7,776,505.00.

| ACTION REQUESTED? | Action #1: Award construction contracts for 3rd Floor MOB Tenant Improvement  
Action #2: Authorize dispensing with further competitive bidding on those items where no bids received. |

### BACKGROUND:

The MOB 3rd Floor Pediatric Tenant Improvement Project is included in the Tahoe Forest Health System Master Plan. This project is phase 1 to a 2 phased project for the 3rd floor of the MOB. This project includes the interior build out of existing suites 310, 320, and 330 into one uniform suite.

**Purpose:** The purpose of this project is to create a single uniform suite from 3 existing suites to house the Pediatric Clinic. The new space will have 11 exam rooms, 1 multipurpose room with adjacent Physician/Medical Assistant offices and support service space. The design and layout of the space allows for flexibility to meet demands of future needs. Construction includes demolition of existing suites, light weight metal framing and finishes, new mechanical, plumbing and electrical. Fire alarm and fire sprinkler upgrades will also be included to meet standards.

### SUMMARY/OBJECTIVES:

Bidding process has been completed.

### SUGGESTED DISCUSSION POINTS:

None

### SUGGESTED MOTION/ALTERNATIVES:

**Motion #1:** Move to award the contracts as listed on *TFHD MOB 3rd Floor TI Staff Recommendations on Contracts* attachment.

**Motion #2:** Move to authorize dispensing with further competitive bidding where no bids were received and authorize solicitations of proposals for Division 8 Doors and Windows, and Division 10 Specialties to fulfill the recommend project budget of $49,018.

### BACKGROUND:

As part of the Tahoe Forest Health System Master Plan, the Cancer Center 2nd Floor Tenant Improvement Project consists of building out the shell of the 2nd floor for clinical subspecialties medical offices.

**Purpose:** The purpose of this project is to build out the shell of the existing second floor to include 25 new exam rooms, 2 procedure rooms, 1 multi-purpose room, 1 Fetal Non-Stress Test room with adjacent Physician/Medical Assistant offices and support service space. The space has been designed primarily for surgical subspecialties and OBGYN. The design and layout of the space allows for flexibility to meet demands of future needs. Construction includes light weight metal framing and finishes, new mechanical, plumbing and electrical to branch off of the already built main line systems.

### SUMMARY/OBJECTIVES:

Bidding process has been completed.

### SUGGESTED DISCUSSION POINTS: None

### SUGGESTED MOTION/ALTERNATIVES:

**Motion #1:** Move to award the contracts as listed on *TFHD CC 2nd Floor TI Staff Recommendations on Contracts* attachment.
