

Recursos para Vacunas en Truckee y el Norte del Lago Tahoe

Gracias a la nueva ley de Affordable Care (Ley de Cuidado de Salud a Bajo Precio), la mayoría de los seguros médicos cubren el costo de vacunas. Todos los lugares enlistados aceptan Medi-Cal, seguro médico y pago en efectivo. Las clínicas de los condados de Nevada y Placer ofrecen vacunas a bajo precio ó gratis (depende de su ingreso) para aquellos sin seguro médico, pero no aceptan seguros médicos privados. TTMG y Raley's no aceptan Medi-Cal.

Es importante que traiga su tarjeta de vacunas.

A partir de Mayo del 2016, Medi-Cal amplió su cobertura para niños menores de 19 años sin importar su estatus migratorio.

Se ha hecho todo lo posible de poner información actualizada, por favor contactar a la clínica o la farmacia si la información necesita estar al día.

775-831-3400 x6

Truckee/North Tahoe Immunization Resources

Under the Affordable Care Act, most insurances now cover vaccinations. All of the locations below accept Medi-Cal, insurance and cash pay. Exceptions: Nevada County and Placer County clinics also offer low-cost or free (depending on income) vaccines for the uninsured but do not accept private insurance. TTMG and Raley's do not accept Medi-Cal.

Patients should bring with them their current immunization record.

**As of May 2016 full-scope Medi-Cal has been expanded to cover all lower-income children, under 19 years old, regardless of immigration status.

Although every effort has been made to ensure the accuracy of this flyer, to ensure up-to-date information please contact the clinic or pharmacy directly.
