**Tahoe Forest Hospital District  
Operating and Capital Budget, and Financial Forecasts  
Fiscal Year 2024-2025**

**Executive Summary**

**THE FY 2025 OPERATING AND CAPITAL BUDGET IS DIRECTLY LINKED TO OUR FIVE YEAR STRATEGIC PLAN WITH CONCENTRATION ON OUR ONE YEAR GOALS WITH BUDGET INCLUSION FOR FY25 AND OUR UPDATED 10 YEAR FINANCIAL FORECAST.**

We are pleased to report that we are again completing this fiscal year in a very positive manner, much as we have in the past 9 years. FY 2024 will be the first year we will have ever exceeded \$300m in net revenue thanks to the support from our community and the patients we serve. In addition to our financial position, there has been much we have been able to accomplish.

As always, we must always recognize and honor our patients first. We have heard the challenges our patients face when trying to access care at TFHD and have invested significant resources to improve this situation. We have embarked on a multi-year journey with our partners, Vizient, embracing a management systems approach to improve access to care. With this important work and the addition of necessary providers, we expect to see improvements in our wait times for appointments for our patients. We expect to continue to see growth in our provider office visits, and are approximating 148,000 in our FY 2024 alone. As you may recall, we had approximately 47,000 back in FY 2015. In addition, our active and courtesy medical staff has grown from about 115 in FY 2015 to approximately 195 team members as of June 2024. Amazing growth!

As we have grown to be the second largest Critical Access Health System in the US per data extracted from the journal Modern Healthcare (dated January 2, 2023) we have had to continue to be nimble and creative in our approach to finding space and locations for providers and patients alike. Here are a few highlights of creative space we've been able to obtain:

1. A long-term lease on the old "Rite-Aid" space which will allow our services such as the Retail Pharmacy and Urgent Care to grow and better serve our community.
2. The purchase of a new location in Tahoe City to expand our primary care space.
3. The purchase and completed construction of the Martis Outlook location to expand ENT and facial plastic services.

In addition to space, we have expanded hours and services in multiple locations:

1. Retail Pharmacy in Truckee has expanded hours and is open 7 days per week.
2. Truckee Urgent Care has expanded to 7 days per week.
3. Tahoe City Urgent Care has expanded to 6 days per week.
4. Incline Village has a new walk-in clinic open on weekends.

During FY 2024, we recognized the need to implement a few critical programs to further support our community and patients such as the Cardiac Pacemaker, Defibrillator and Right Sided Heart Catheterization program, as well as the Telestroke/Teleneurology program. Both have been quite successful with great outcomes for our patients.

We have continued to invest in equipment and technology within our health system. Thanks to the Helmsley Family Trust and the Incline Village Community Hospital Foundation, we were able to replace our X-Ray and CT scanner at Incline Village Community Hospital, and add Mammography as a new service line too! It is wonderful to see the support from our Foundation to help us add a much needed service for our patients in Incline Village.

We have also started some of our remaining seismic projects, which are also tied to some equipment and technology replacement, at Tahoe Forest Hospital. We are currently working to update the OR suites, which requires a significant coordinated effort to keep the other rooms operational. We have begun the replacement of our CT scanner. We also have X-Ray, Fluoroscopy, Nuclear Medicine, and the PET CT all on the horizon in FY 2025 and 2026. We expect to replace our Radiology PACs system in FY 2025, which stores all radiology images, which will be a great improvement for our medical staff and our patients.

Our Information Technology (IT) department has been quite busy protecting the District from the numerous cybersecurity threats. They have implemented enhanced measures and securities to keep us safe from harm. We all need to be extremely diligent in making sure the technology infrastructure stays as secure as possible. Of course that has not been the only focus of IT. They have worked hard to support the implementation of our clinic projects such as Epiphany and the integration of the new infusion pumps with EPIC. They have also been working hard on the implementation of Microsoft Office 365, which is a huge undertaking. In FY 2025, they will be looking to upgrade our telephony/communications systems.

It is also worth mentioning that the District has been facing, and will continue to face, challenges with new legislation. One to note is the Office of Health Care Affordability (OHCA), which will put significant pressure on the health system. OCHA's directives will limit revenue growth, which will force expense reductions. This will be a challenging directive to carry out based on the current economic conditions, such as labor, medical supply and pharmaceutical costs and inflation factors.

On a more upbeat note, this year we have been able to celebrate our team's success and longevity with a historic and significant milestone - 75 years of providing lifesaving health care to our community. This couldn't happen without an amazing team. Because of this we wanted to make

sure we took the time to recognize their efforts and contributions through additional employee appreciation events. We are really proud of our team!!!

We continue to look forward each year as a team. We have focused effort on our 1 year goals and our 5 year winning aspirations. We have thoughtfully incorporated resources into the FY 2025 budget to help us accomplish our goals.

Protecting at least a BBB- financial strength will be critically important, but an A- or better investment rating for this health system is one of our winning aspirations and has to be a foundational goal for all of us. Maintaining an investment quality rating may require that we have to say “no” to some requests and implement a “yes” on other critical actions. Our team’s pledge is to protect this health system for the long term and to not propose actions which could place long term sustainability in jeopardy.

Attached you will find a wide array of detail and summary budget/forecast information for FY 2025 and the next 9 years. Our proposed FY 2025 budgeted Net Income is below the budget and actual performance of FY 2024. The driving reasons for this change are included in this budget report.

**“No Margin, No Mission” remains true for long-term success as a health system.**

Following on the next page is a high-level summary of our FY 2025 Operating Budget.

## Our FY 25 Operating Budget Summary:

Net Patient Revenue	314,853,325
Other Operating Revenue	20,440,611
Wellness Neighborhood Property Tax Revenue	1,344,987
Operating Expenses	(311,822,074)
EBIDA	\$ 24,816,849
Property Taxes - All	15,882,183
Depreciation	(21,557,105)
Interest Income - All	2,925,047
Interest Expense - All	(5,309,823)
Other Non-Operating Revenue/(Expense)	1,520,142
Net Income	<u>\$ 18,277,293</u>
EBIDA (on Gross Revenue)	3.7%
Return on Equity	5.9%
Days Cash on Hand	197
<u>Standard &amp; Poor's Ratio Calculations:</u>	
EBIDA Margin	12.8%
Operating EBIDA Margin	11.5%
Operating Margin	3.9%
Excess Margin	5.2%
Days Cash on Hand	195

### Summary:

**The Fiscal Year 2025 Budget has been carefully constructed to allow support for the Strategic Goals for FY 25, to continue to build towards ever improving quality, patient satisfaction, strong financial performance and sustainability, and to carefully balance our cash reserves and investment in our capital structure.**

**Respectfully submitted:**

## Fiscal Policy, ABD-11

### RISK:

Failure to have a sound fiscal policy that requires the District to maintain strong financial performance and strong cash reserves may result in diminished access to capital markets, as well as limiting Tahoe Forest Hospital District's (District) ability to fund essential services, and programs.

### PURPOSE:

The purpose of this policy is to communicate the fiscal policy of the District as it relates to the operations of Tahoe Forest Hospital District and the various other services, programs and ventures which the District is or shall consider providing consistent with its Mission Statement and operating policies. It is the intention of the Board of Directors that this Fiscal Policy be disseminated to the hospital administrative and management team, as well as Medical Staff leadership, in order to achieve a broad based understanding of the fiscal goal of Tahoe Forest Hospital District. For the purposes of this policy statement, the term "services" shall apply to all hospital operations as well as other District services, programs or ventures.

### POLICY:

#### A. RATIONALE

In view of the ever-changing reimbursement environment in which health care providers exist, the Board of Directors recognizes the importance of financial stability. A sound Fiscal Policy is necessary to assure the continuation of needed services, and as appropriate, expansion into new health-related facilities and services. To assure access to capital markets, it is in the best interest of the District to maintain strong financial performance and strong cash reserves. This philosophy is based upon, and consistent with, the Mission Statement and operating policies of the District.

#### B. POLICY STATEMENT

Our Fiscal Policy is to ensure the availability of capital to meet the future costs of carrying out the hospital's mission and serves as a prudent reserve to offset unexpected external forces. It

will be the responsibility of the District's President & Chief Executive Officer (CEO) to implement policies and procedures consistent with the Fiscal Policy of the Board of Directors. The District shall put forth a strong effort in every fiscal year on achieving, at a minimum, the Standard and Poor's (S&P) A- rating, targeting the median ratios of the A- rating or better. At no time shall the District target financial performance that would drop the District below an investment grade rating.

## **PROCEDURE:**

### **A. OPERATING MARGIN AND EXCESS (NET INCOME) MARGIN**

The District, through approval by the Board of Director's, shall set an annual budget that seeks to target or maintain Operating and Excess Margins at the median S&P ratios of an A- rating or better. The President & CEO shall in turn endeavor, consistent with the President & CEO's authority under the annual budget and duly-adopted District policies, to direct District operations throughout the fiscal year so as to maintain Operating and Excess Margins at the median S&P ratios of an A- rating or better. Unusual circumstances may arise that could require setting the annual budget at ratios lower than A-, however, at no time shall the annual budget target median ratios below an investment grade rating. The President & CEO shall direct management and staff to operate the District in a manner that achieves the goals of the annual budget.

### **B. FUND BALANCES AND TRANSFER PROCEDURES**

The President & CEO shall, consistent with the President & CEO's authority under the annual budget, this Fiscal Policy, and duly-adopted District policies, authorize the movement of funds with the goal of achieving projected Days' Cash on Hand (the number of days of average expenses) at the median S&P ratios of an A- rating or better. There shall be a strong effort to maintain this minimum Days' Cash on Hand ratio to ensure appropriate cash reserves and to sustain sufficient funding for capital needs. Unusual circumstances may arise that could require setting the annual budget Days' Cash on Hand ratio lower than A-, however at no time shall the annual budget reflect a Days' Cash on Hand ratio below an investment grade rating. At least quarterly, a report of Day's Cash on Hand shall be presented to the Board of Directors.

### **C. MAINTENANCE AND OPERATING FUND**

All receipts and revenues of any kind from the operation of the hospital shall be paid daily into the treasury of the District and placed in the Maintenance and Operations Fund. Monies in the maintenance and Operation Fund may be expended for any of the purposes of the District. The President & CEO will direct the allocation of monies in excess of 30 days forecasted cash to Board designated funds or transfer sufficient monies from Board designated funds into Maintenance and Operations Fund so that a minimum of 30 days working capital is maintained for the upcoming quarter. Fund transfers into Maintenance and Operations Fund from other funds to cover the minimum 30 days working capital will be in the following priority:

1. Cash Reserve Fund
2. Projects Fund

### **D. BOARD DESIGNATED FUNDS**

Available funds will be funded in the priority order as listed. Bond Funds are held by the Bond Trustee until the fund reimburses the District for project expenditures. The reimbursed bond project expenditures will be deposited in the Maintenance and Operations Fund. Debt service is included in the Maintenance and Operations Fund.

1. Other Entity Funds:  
Funds held for other entities such as Medical Staff and Auxiliary. Interest income accrues to the specific fund.
2. Projects Fund:  
Board of Directors approved and designated projects. Fund to include, among others Building Funds and Capital Equipment Funds. Interest income will accrue to the Maintenance and Operations Fund.

**E. CASH RESERVE FUND**

Board of Directors approved funding to increase and provide sufficient reserves to sustain operational integrity; continued services at current levels; emergency purposes (safety net); credit worthiness; anticipated capital replacement needs. Interest income will accrue to the Maintenance and Operations Fund.

**F. RESTRICTED FUNDS**

Funds restricted to purchase assets or to fund program costs. These funds become unrestricted when the restriction is satisfied. Interest income accrues to the specific fund.

**G. DONATIONS**

Donated funds will be placed in the appropriate fund to be designated by the donor.

**All Revision Dates**

06/2024, 12/2021, 10/2018, 09/2016, 11/2015, 01/2014, 01/2012, 02/2010, 06/2007, 02/2006

**Tahoe Forest Hospital District  
Statement of Revenue and Expense**

The following contains a detailed five-year historical Statement of Revenue and Expense, as well as the Projected FY 2024 and Budget FY 2025 for Tahoe Forest Hospital District and Incline Village Community Hospital. In addition, we have included FY 2025 budgets for the Separate Business Units, Tahoe Center for Health, Cancer Center program, Multi-Specialty Clinics, and Wellness Neighborhood/Community Health Programs.

The following are the highlights of the budget for FY 2025 for Tahoe Forest Hospital District:

- Gross Revenue \$671,417,743
- Deductions from Revenue (356,564,418)
- Other Operating Revenue 20,440,611
- Wellness Neighborhood Revenue 1,344,987
- Total Operating Revenue 336,638,923
- Operating Expenses (311,822,074)
- **EBIDA 24,816,849**
- Non-Operating Expense (22,421,739)
- Property Tax Revenue 15,882,183
- **Net Income/(Loss) 18,277,293**
- **Return on Equity 5.9%**
- **Return on Gross Revenue EBIDA 3.7%**

**Gross Revenue** was developed using a Gross Revenue per Unit calculation.

**Deductions from Revenue** was developed by breaking the gross revenue down by entity, and by payor, and then applying the relevant contractual allowance percentage to the gross revenue. Deductions from Revenue also include a component for Charity Care, which is budgeted at 2.0% overall and Bad Debt, which is budgeted at 1.5% overall. Please refer to the “Deductions from Revenue” narrative for more details.

**Other Operating Revenue** consists of revenue from separate entities such as the Retail Pharmacy, Hospice Thrift Stores, Tahoe Center for Health, Children’s Center, Cafeteria Sales, Rental Income, Rebates & Refunds, Medi-Cal QIP (previously PRIME) program, Hospital Quality Assurance Fee (HQAF) program, Nevada Private Hospital Provider Tax program, and the IVCH Emergency Department contract. We are anticipating a net decrease in FY 2025 when compared to Projected FY 2024, related to increases in funding from the Child Care Center and Retail Pharmacy, netted by a decrease in grant fundings that were received in FY 2024.

**Salaries, Wages and Benefits** reflect an average increase in FY 2024 of 3.0%, inclusive of exempt and non-represented employees. Salaries and Wages for FY 2025 also include a component of physicians who have joined the employment model and include an average increase of 5.0% in FY 2025. The FTE increase related to the physician employment model is 13.26 FTEs when compared to Projected FY 2024 and an increase of 3.25 FTEs when compared to Budget FY 2024. Those benefits that are calculated based upon wages such as employer taxes, deferred compensation, and pension have been adjusted to account for these increases in wages.

Management has developed an FTE plan to accommodate anticipated growth in targeted areas. When comparing the 2025 FTE Budget to the 2024 FTE Budget (exclusive of the physician FTEs),

## Tahoe Forest Hospital District Statement of Revenue and Expense

a 66.23 FTE increase is reflected and an increase of 80.51 FTEs when compared to Projected FY 2024. The increase in budgeted FY 2025 FTEs as compared to the Projected FY 2024 FTEs is a result of additional staffing needs in Information Technology to address Cyber Security and volume increases, Engineering to address maintenance needs with the addition of clinic spaces, and Patient Financial Services, Registration, the Access Center, Revenue Cycle, and Managed Care to accommodate increased patient volumes along with expansion of primary care, urgent care, specialty services in our Clinics, and Retail Pharmacy to better serve our patients in the Truckee and Incline Village communities.

**Workers Compensation** is being budgeted to reflect an increase in FY 2025 when compared to Projected FY 2024, which is due to the increase to our budgeted FTEs for FY 2025, including additional physicians who will be joining the employment model in FY 2025. FY 2024 is projecting to come in lower than FY 2024 budget and in line with FY 2023 actual.

**Health Insurance** is being budgeted to reflect a 20.4% increase. The increase in health insurance takes into account the budgeted growth in FY 2025 FTE's, including the physician component, and incorporates a reserve for higher dollar claims as we have seen in FY 2024.

**Professional Fees** reflect an increase of 9.2% when compared to Projected FY 2024. This is related to contracted physicians in the Emergency Departments at Tahoe Forest and Incline Village, Radiation Oncology, Occupational Health, and Inpatient Pharmacy. The FY 2025 budget also reflects an increase in Consulting Fees for Information Technology in support of integrations and implementations within our Operating and EMR system, Revenue Integrity Program development, Process Redesign initiatives and a Physician Employment Management Capabilities and Compensation technology solution.

**Supplies** reflect an overall 11.2% increase when compared to Projected FY 2024. We applied an inflation factor of 5.0% for medical supplies, food/dietary supplies and non-medical/office supplies and a 10.0% increase to Pharmaceutical supplies. The increase also accounts for increased supply usage due to clinical program enhancements, as well as factoring in cost savings through programs like 340B for pharmaceutical supplies.

**Purchased Services** reflect a 12.9% increase compared to Projected FY 2024. Purchased services are comprised of maintenance/repair agreements, replacement of the telephony system with a hosted solution, linen services, coding and billing services, interpreter services, and snow removal. The increase reflected in Budget FY 2025 accounts for additional services needed to support clinical program expansion, inflationary costs related to Information Technology agreements to maintain software, enhance security, and network infrastructure, and Community Program Initiatives.

**Other Expenses** reflects a 13.2% increase compared to Projected FY 2024. This is comprised of increases in Utilities, Insurance including Physician professional liability, Outside Training & Travel, Website maintenance, Marketing, Physician Recruitment expenses, Equipment rent, and Dues & Subscriptions. Highlights of these changes are listed below:

1. Utilities are up \$140,000 due to increases we have experienced in FY 2024 and include a 5.0% inflation factor built into the FY 2025 budget. The increase in utilities includes program expansion and the addition of new clinical spaces.

## Tahoe Forest Hospital District Statement of Revenue and Expense

2. Insurance costs up \$195,000 in the areas of Risk, D&O, Comprehensive Liability, Crime/Cyber, and Physician professional liability.
3. An increase of \$511,000 in Outside Training & Travel related to regulatory and compliance training, consultant travel, seminars, and employee educational assistance. This is a discretionary manageable expense item.
4. Website Maintenance increase of \$152,000 for phase two of the TFHD.com update and development.
5. Marketing increases of \$92,000 for clinical programs and community initiatives.
6. Physician Recruitment expense increase of \$209,000 to accommodate the onboarding of additional Family Medicine and Specialty physicians.
7. Rental Equipment increases of \$93,000, related to the mobile CT rental at Tahoe Forest and Timeclock rentals for the newly implemented Dimensions platform.
8. Dues & Subscription increases of \$63,000 for involvement with California and Nevada hospital associations for legislative representation, District Hospital Leadership Forum, and Multi-Specialty Clinic physician dues.

**District and County Taxes** have increased \$360,000 from Projected FY 2024. We are anticipating the FY 2025 budget to be \$11.8 million based on current real estate trends in Nevada and Placer counties. A component of property tax revenues is included in the Other Operating Revenue section to offset Community Health and Wellness Neighborhood expenses.

**Interest Income** FY 2025 is expected to decrease over Projected FY 2024 based on the investment activity of funds held with Chandler Investments, US Bank Treasury Obligations, and LAIF, and accounts for decreases in cash levels for construction projects and capital expenditures. In FY 2024, LAIF rates ranged from 3.26% to 4.36%, Chandler Investments interest rates ranged from 4.70% to 4.98% and, US Bank Treasury Obligations rates ranged from 4.71% to 4.97%. The District has budgeted a conservative 4.50% on its earnings in FY 2025.

**Donations** from the TFHS Foundation are expected to net \$1,325,000, generated from the following campaigns: \$19,000 to support Hospice operations, \$301,000 to support the Wellness Neighborhood and Community Health, which includes a component of Behavioral Health, \$174,000 to support the Cancer Center, \$75,000 to support Women and Family from the 75<sup>th</sup> Anniversary Team Member Giving Campaign, and \$143,000 for donation drives. IVCH Foundation is expected to contribute \$613,000 for the Emergency Department and Capital Equipment needs in FY 2025.

**Gain/(Loss) on Joint Venture** based on ownership of the Truckee Surgery Center, LLC, we will book 99% of the Gain/(Loss) on the Joint Venture in TSC, LLC.

**Gain/(Loss) on Market Investments** based on funds held with Chandler Investments, taking a conservative approach based on current global activities that are influencing market conditions.

**Depreciation** has been budgeted higher than Projected FY 2024 due to anticipated capital additions and investments and completed construction projects starting their depreciable life.

**Interest Expense** has been decreased 11.3% compared to Projected FY 2024. This is a result of interest expense on debt decreasing with the maturity of loans and property acquisition agreements.

**TAHOE FOREST HOSPITAL DISTRICT  
STATEMENT OF REVENUE AND EXPENSE

## Tahoe Forest Hospital District Volumes

The budget process begins with reviewing annual historical volumes as well as the last several years of 12-month historical spreads, noting the highs and lows of each month. From this review process we were able to project volumes for FY 2025 that are in line with FY 2024 projected volumes, however, reflect upward trends in clinic areas and surgical services. We apply the spread of the FY 2025 volumes over the 12 months by averaging the historical monthly spreads to help smooth the seasonality we experience within the Health System.

Acute admissions are budgeted at 1,507, which is 1.8% lower than projected FY 2024. Acute inpatient days for FY 2025 are budgeted at 4,649, which is .7% lower than projected FY 2024, but in line with recent industry trends. We are anticipating our average length of stay to be 3.10 for FY 2025 and our average daily census to be 13.39.

Below are a few areas worth noting:

DEPARTMENT	PROJECTED FY 2024	BUDGET FY 2025	VARIANCE	PERCENT INCREASE/ (DECREASE)
<b>Tahoe Forest Hospital</b>				
Total ICU Days	919	907	(12)	(1.3)%

**Tahoe Forest Hospital District  
Volumes**

The following are explanations for the larger variances:

- 1) Hospice Days: Volumes have not quite recovered to pre-pandemic levels, however, we are seeing an increase throughout FY 2024 and have taken a conservative approach in growth for FY 2025.
- 2) Gastroenterology Surgical minutes have been increased with the addition of Dr. Singh in July 2024.
- 3) Multi-Specialty Clinics:
  - a. Otolaryngology/ENT: An increase in volumes was budgeted to capture additional capacity with the move to the newly renovated clinic at Martis Outlook, allowing for the return of Silverstate Hearing.
  - b. Sports Medicine: Budgeted volumes for FY 2025 were adjusted down to account for the departure of Dr. Holman in March 2024. Her replacement is expected to start with the District in September 2024.
  - c. Urgent Care-Olympic Valley: Volumes were increased to capture the growth we have witnessed in FY 2024.
  - d. Behavioral Health: Volumes were increased to capture the addition of Dr. Dhillon in July 2024.
  - e. IVCH Orthopedics & Weekend Walk-In Clinic: Volumes were set to capture a full year of operations of the Weekend Walk-In Clinic that opened in May 2024.
- 4) IVCH Surgical Services: An increase was budgeted to capture the growth in outpatient surgical cases we are seeing in FY 2024.
- 5) IVCH Mammography: This is a new service that went live in June 2024. Budgeted volumes for FY 2025 capture a full year of operations.

**Tahoe Forest Hospital District  
Gross Revenue - Payor Mix**

We incorporated an overall **5% rate increase effective August 1, 2024**. However, of this 5% increase, the District will only realize approximately 2.5% of the 5% in net revenue due to how we are reimbursed from Medicare and Medi-Cal, our contractual arrangements with insurance plans, charity care, and bad debt.

We are **projecting our budgeted gross revenue for FY 2025 to be \$671.4 million**. This is a \$33.1 million increase to our gross revenue when compared to Projected FY 2024. FY 2025 gross revenue is 13.5% Inpatient and 86.5% Outpatient

**Budgeted EBIDA for FY 2025 is \$24.8 million**, representing a \$15.9 million decrease from Projected FY 2024. This net decrease is reflective of an increase in Net Patient Revenues, increases in Salaries, Wages & Benefits, Professional Fees, Supplies, Purchased Services, and Other Expenses. A budgeted rate increase in August 2024 is needed to help offset these budgeted cost increases, inflation, and declining payor reimbursement. Return on Gross Revenue **EBIDA is 3.7%**, projecting 2.7% lower than Projected FY 2024.

**Budgeted Net Income/(Loss) for FY 2025 is a profit of \$18.3 million**, a decrease of \$19.9 million from Projected FY 2024. The decrease is related to an increase in Operating Expenses, a decrease in Donations, decreases in Gain/(Loss) on Joint Venture and Unrealized Market Investments, a decrease in Interest Income and increases to our Depreciation Expense brought on by anticipated capital equipment, potential building and land acquisitions, and completion of construction projects.

**Return on Equity is estimated to be 5.9%**, a decrease of 8.2% from the Projected FY 2024 Return on Equity. This decrease is due to the budgeted lower Net Income combined with a lower Net Asset (Fund) Balance.

Total Gross Revenue **Payor Mix** for the FY 2025 budget reflects comparable trending that we witnessed in FY 2024. We made marginal adjustments to our Medicare, Medi-Cal, and Commercial percentages. See table below.

<b>Payor Mix</b>	<b>Budget FY 2025</b>	<b>Projected FY 2024</b>

## **Tahoe Forest Hospital District Deductions from Revenue**

Deductions from Revenue is comprised of Contractual Allowances, Charity Care, and Bad Debt.

Contractual Allowances have been budgeted at \$332.9 million (49.6% of gross revenue) for FY 2025, representing an increase of \$896 thousand from Projected FY 2024 (\$332.0 million, 52.0%). The nominal increase in our Contractual Allowances is attributed to a component of Charity Care for Projected FY 2024 being captured in Contractual Allowances, a direct result of a decrease in Charity Care applications we have seen in FY 2024. We have budgeted FY 2025 Contractual Allowances to be more in line with historical activity, accounting for the increase in budgeted gross revenue in FY 2025 and marginal shifts in our Medicare, Medi-Cal, and Commercial payor mix. Contractual Allowances have been calculated based upon gross revenue and reimbursement rates by payor. We also have accounted for additional reimbursement the District will see related to AB113 Non-Designated Public Hospital IGT funding, Rate Range IGT funding from the Medi-Cal managed care plans, AB915 Medi-Cal Outpatient Supplemental funding, and the new Designated Public Hospital Directed Payments program. This additional reimbursement was budgeted at approximately \$8.7 million, an increase of \$2.5 million from budgeted FY 2024.

Charity Care has been budgeted at 2.0% of gross revenue totaling \$13.4 million and Bad Debt has been budgeted at 1.5% of gross revenue or \$10.3 million. We believe these percentages are representative of current and future economic circumstances based on stable unemployment rates in Nevada, however, a slow increase in unemployment rates in California, as well as shifting of the patient population towards more self-pay as a result of high deductible health plans and reverification of Medi-Cal benefits. Projected FY 2024 is reflecting \$63 thousand in Charity Care (.001%) and \$7.6 million in Bad Debt (1.2%).

Prior Period Settlements represents reimbursement or settlements the District may receive or pay related to a previous fiscal years.

Overall, as a percentage of gross revenue, our Deductions from Revenue is 53.1% of gross revenue, as compared to Projected FY 2024's 52.9%.

**Tahoe Forest Hospital District  
Employee Resource Allocation/FTE's**

Management has budgeted an overall increase of 93.8 FTEs when compared to projected FY 2024, and a 69.5 FTE increase when compared to the budgeted FY 2024 FTEs.

Increases in our FTEs for FY 2025 are related to additional staffing requirements for the expansion of our Pharmacy Tech-in-Training program, growth in the Multi-Specialty Clinics with the expansion of Primary Care/Urgent Care in Truckee and Tahoe City, and the addition of clinics in the Martis Outlook condos, physicians, and advanced practice providers (APP).

We budgeted positions to maintain recruitment for core-staffing requirements.

We accounted for additional staffing needs in our Patient Financial Services, Patient Registration, Access Center, Revenue Cycle, and Managed Care departments to accommodate increased patient volumes, as well as to support expansion of specialty services, physicians, and advanced practice providers in our Clinics. Additions were also necessary for the Surgical Services departments, Oncology programs, and Outpatient Therapies, as well as in our overhead and support departments in Housekeeping, Engineering, Information Technology, Administration, Quality, Nursing, Business Intelligence, Retail Pharmacy, and the Child Care Center.

The “Total FTE Summary” following this narrative reflects the allocation of FTE resources as was discussed in the “Statement of Revenue and Expense” summary under “Salaries, Wages and Benefits”.

The approximate overall net increase for FY 2025 as compared to Projected FY 2024, as well as Budget FY 2024 is outlined below:

<b><i>Additional FTEs added to Programs or Services:</i></b>	<b><i>Budget FY 2025 vs Projected FY 2024</i></b>	<b><i>Budget FY 2025 vs Budget FY 2024</i></b>
Surgical Services	2.34	3.02
Respiratory Therapy	1.02	.41
Physical Therapy – Tahoe City	.54	1.51
Gastroenterology	1.54	2.09
Pharmacy Overhead	4.41	4.17
Housekeeping	2.48	3.29
Engineering	1.35	.88
Information Technology	2.09	-.40
Patient Financial Services	6.94	3.53
Patient Registration	4.64	.63
Access Center/Central Scheduling	14.20	6.37
Revenue Cycle	1.04	.01
Managed Care	1.01	1.05
Administration	3.03	3.01
Community Relations/Marketing	1.21	1.00
Nursing Administration	1.65	1.12

**Tahoe Forest Hospital District  
Employee Resource Allocation/FTE's**

Quality	.72	-1.19
Business Intelligence	2.00	2.00

<b>Total FTE Decrease</b>	<b>-8.62</b>	<b>1.20</b>
<b>Total</b>	<b>80.33</b>	<b>64.41</b>

It is important to note that the increase in our FTEs over the last several years has been due to careful and deliberate developments and additions to programs and services provided at Tahoe Forest Hospital District and Incline Village Community Hospital in order to meet and exceed our community's health needs as well as staying abreast of increasing regulatory requirements.

As with each year, Management intends to use its discretion to appropriately balance the FTE requirements for FY 2025 with the financial welfare of the District.

In addition to the District's Employee Resource Allocation/FTEs we have included a separate summary of Physician FTEs. Budgeted Physician FTEs for FY 2025 total 69.30 compared to FY 2024 projected FTEs of 56.04 and FY 2024 budgeted FTEs of 66.05. The FY 2025 budget consists of 51.65 Physician FTEs related to clinic operations and 17.65 Physician FTEs in other health system departments, covering the Emergency Department, Hospitalist program, Radiology and Anesthesia groups, Medical Directorships, and Medical Staff chairs.

## Tahoe Forest Hospital District Statement of Cash Flows

The District is projecting that as of June 30, 2025 we will have approximately \$169.1 million in unrestricted cash available for the Days Cash on Hand calculation, which represents 197 days. We are projecting FY 2024 to end at \$166.9 million, or 214 days.

The Statement of Cash Flow for FY 2025 does include the cash infusion of \$2.2 million from a potential newly incorporated municipal lease in the later quarters of FY 2025.

According to rating information provided by S&P called “U.S. Not-For-Profit Health Care Stand-Alone Hospital Median Financial Ratios 2022”, dated August 7, 2023, the following represent median ratios for Days Cash on Hand (DCOH) by rating:

AA+	426 DCOH
AA-	321 DCOH
A+	362 DCOH
A	232 DCOH
A-	234 DCOH
BBB+	158 DCOH
BBB	146 DCOH
BBB-	136 DCOH

The Board Fiscal Policy states that “the District shall put forth a strong effort in every fiscal year on achieving, at a minimum, the Standard and Poor’s (S&P) A- rating, targeting the median ratios of the A- rating or better”. It also states, “There shall be a strong effort to maintain this minimum Days’ Cash on Hand ratio to ensure appropriate cash reserves and to sustain sufficient funding for capital needs.” FY 2025 DCOH falls below the A- ratio, but not below the BBB- ratio (the lowest level allowed per the Fiscal Policy).

Footnotes:

N1 - Change in Accounts Receivable reflects the 30 day delay in collections.

N2 - Change in Settlement Accounts reflect cash flows in and out related to prior year and current year Medicare and Medi-Cal settlement accounts.

N3 - Change in Other Assets reflect fluctuations in asset accounts on the Balance Sheet that effect cash. For example, an increase in prepaid expense immediately effects cash but not EBIDA.

N4 - Change in Other Liabilities reflect fluctuations in liability accounts on the Balance Sheet that effect cash. For example, an increase in accounts payable effects EBIDA but not cash.

## **Tahoe Forest Hospital District Capital Expenditures**

Based on our FY 2025 Statement of Revenue and Expense, and available cash flow projections for FY 2025, we are recommending approval for \$30.9 million as our capital budget for FY 2025. As usual, we will prioritize expenditures based on the financial status of the District including cash position, as well as priority ranking. Items listed as “Mission Critical”, “High” or “Priority 1” will receive first priority. All items listed as “Priority 2”, “Priority 3”, “Medium”, or “Low” have been delayed and included in the FY 2026 capital.

The \$30.9 million will be funded through operations and cash reserves. A summary is provided below:

1. Equipment - \$3,026,710
2. IT/EMR/Business Systems - \$2,053,081
3. Building Projects/Properties - \$25,877,332

It is recommended that District management be provided the discretion to prioritize and approve any capital item request, provided the cash position of the District reflects the ability to do so and as long as it's within the scope described above.

In addition, we have included the District's multi-year capital plan through FY 2028.

## **Tahoe Forest Hospital District Ratio Analysis and Financial Forecasts**

Within this section you will find the District Standard and Poor's ratio calculations for Audited FY 2018 – FY 2023, Projected 2024, Budget 2025, plus an additional 9 year projection through 2034, the Median Ratios for the U.S. Not-For Profit Health Care Stand-Alone Hospital Median Financial Ratios ranging from BBB- to AA+, and the definitions of each ratio (how it's calculated, what it means and if the trend should be up or down).

Also in this section you will find two sets of 10 year forecasts for Tahoe Forest Hospital District's Balance Sheet, Income Statement, Statement of Cash Flows, and Ratio's. The first set reflects minor additional debt from Municipal Leases, and the second reflects additional new debt totaling \$95 million. The forecasts demonstrate what the District's cash position would look like based upon EBIDA amounts, pressure from future capital investment requirements, and the impact of future additional debt for the facility master plan and construction projects.

Both forecasts demonstrate potential stability of the District's cash position reflecting Days Cash on Hand above the BBB- ratio level, with the \$95 million of additional debt forecast reflecting the District closer to the A- ratio level. It will be imperative for the District to continue our focus on increasing volume/revenues while decreasing expenses as we continue to refine the District's overall master plan for the next 10 years.

Footnotes:

- N1 - Change in Accounts Receivable reflects the 30 day delay in collections.
- N2 - Change in Settlement Accounts reflect cash flows in and out related to prior year and current year Medicare and Medi-Cal settlement accounts.
- N3 - Change in Other Assets reflect fluctuations in asset accounts on the Balance Sheet that effect cash. For example, an increase in prepaid expense immediately effects cash but not EBIDA.
- N4 - Change in Other Liabilities reflect fluctuations in liability accounts on the Balance Sheet that effect cash. For example, an increase in accounts payable effects EBIDA but not cash.

Footnotes:

- N1 - Change in Accounts Receivable reflects the 30 day delay in collections.
- N2 - Change in Settlement Accounts reflect cash flows in and out related to prior year and current year Medicare and Medi-Cal settlement accounts.
- N3 - Change in Other Assets reflect fluctuations in asset accounts on the Balance Sheet that effect cash. For example, an increase in prepaid expense immediately effects cash but not EBIDA.
- N4 - Change in Other Liabilities reflect fluctuations in liability accounts on the Balance Sheet that effect cash. For example, an increase in accounts payable effects EBIDA but not cash.

U.S. Not-For-Profit Health Care Stand-Alone Hospital Median Financial Ratios 2022 - August 7, 2023

Best Ratio
Worst Ratio

Ratio	Calculation, Definition, and Meaning	Trend
<b>EBIDA Margin</b>	<p>Net income before interest, depreciation, and amortization expense / total operating revenue</p> <p>Measures total cash flow before financial costs (interest). Example: A 7% EBIDA means that each dollar of total operating revenue generates roughly \$.07 in cash flow before any interest expense is paid.</p>	Up
<b>Operating EBIDA Margin</b>	<p>Operating income (income from operations) before interest, depreciation and amortization / total operating revenue</p> <p>Measures operating cash flow before financial costs (interest).</p>	Up
<b>Operating Margin</b>	<p>Operating income / total operating revenue</p> <p>Measures operating profitability. Example: A Margin of 2% means that each dollar of operating revenue generates \$.02 in profits. Typically is a better measure of the sustainable profitability of an organization.</p>	Up
<b>Excess Margin</b>	<p>Net income / total operating revenue</p> <p>Measures overall profitability.</p>	Up
<b>Days' Cash on Hand</b>	<p>Unrestricted cash reserves / [(operating expense minus depreciation and amortization expense)/365]</p> <p>Measures the number of days the organization could continue to pay its average daily cash obligations without new cash resources becoming available.</p>	Up
<b>Days in Accounts Receivable</b>	<p>Net patient accounts receivable / net patient revenue</p> <p>Measures the average time an organization takes to collect its receivables. The quicker receivables are converted into cash, the more liquid the organization is.</p>	Down
<b>L-T Debt to Capital</b>	<p>Long-term debt / (unrestricted net assets+long-term debt)</p> <p>Ratio measures the proportion of debt financing in a business's permanent (long-term) financing mix. This ratio best measures a business's true capital structure.</p>	Down
<b>MADS Coverage Ratio (x)</b>	<p>Net available for debt service (EBIDA) / maximum annual debt service</p> <p>Measures the number of dollars of cash flow available to make the maximum existing debt payment per dollar of debt expense (principal and interest). This ratio recognizes that (1) cash flow pays the bills and (2) debt expense includes principal repayments as well as interest expense.</p>	Up
<b>Unrestricted Cash to Debt</b>	<p>Unrestricted cash reserves / long-term debt</p> <p>Measures the ability of current cash and near-cash holdings to meet a business's debt obligations.</p>	Up

**Note Reference:**

- (A) Level 1 - low severity - example a toothache with treatment other than a prescription, Plan B Rx.  
Level 2 - low to moderate severity - minor illness with no lab or x-ray other than a simple strep screen or UTI, abrasions, small cuts with no suturing  
Level 3 - moderate severity - labs, x-rays, medications simple lacerations with sutures, simple asthma that resolves, sprains  
Level 4 - moderate to high severity - IV's for hydration, IV medications, splinting of fractures that are straight forward, simple chest pain, asthma that needs repeated breathing treatment or medications  
Level 5 - high severity - traumas, transfers, GI bleeds, overdoses, sedation for fracture reductions
- (B) Charge is listed in the 25 most common outpatient procedures performed in a hospital per the OSHPD web site listed below under Source.
- (C) Facility has different tiered pricing for Inpatient and Outpatient. Pricing for Laboratory reflects the Outpatient pricing.
- (D) Facility has different tiered pricing for Inpatient and Outpatient. Pricing for Diagnostic Imaging reflects the Outpatient pricing.
